

## **BELLE ERSKINE BIOGRAPHY**

Belle Erskine trained to be a classical ballet dancer and then went onto study contemporary dance and musical theatre.

She toured with a contemporary dance company and then performed in Andrew Lloyd Webber's Cats, playing both lead singing and dancing roles.

Wanting to focus more on music, Belle joined a small band singing for 4 hours a night on North Sea Ferries as well as the local music scene in Hull, where she believed she did her grafting and learnt her craft. Feeling confident, she then worked herself onto the London session scene, quickly proving herself as an individual and exciting talent.

Impressing everyone she came across, she began to work for the likes of Celine Dion, Robbie Williams and many more artists, as well as starting a ballet school and having two children.

More recently Belle has provided lead vocals for one of the BBC's most watched and successful regular TV programmes, 'Strictly Come Dancing' and continues to work as a well regarded session vocalist.

Belle is extremely excited, proud and honoured to be a part of The PSO!
